

How to reach us

The road from Heraklion airport to casaDoria is about **80 Km** and it takes more or less **1h40 minutes**.

Leave the airport parking in direction **Heraklion-Aghios Nikolao** and take the national road (2 lanes) in direction Heraklion-Rethymno.

After 7,5 km you will find the exits **Heraklion-Moires** on the right, take the second one following the **Moires** sign. Down the ramp take right on the main road.

Keep on going, the road goes a little bit up, through the industrial area and out in the valleys.

After about 20 minutes you will pass the town of **Aghia Varvara**, keep on going through the “town centre” and then up again remaining on the main road.

After a few km you will start to go down into the nice Messara valley.

After 50 km from the airport, before Aghi Deka turn left (where the Silk Oil gasoline station is) (**Photo1**) in direction **Vagionia-Vasiliki** and follow this road for 4 km.

You will reach a “Narrow Bridge” sign.

Pass the bridge and after 500 meters turn right following the sign **Vasilika Anogeia**, (**Photo 2**) passing on another small bridge.

Follow the curvy road in the middle of the olive trees for 2 km until the left or right cross with the signs as in (**Photo 3**).

Turn right in direction **Flathiakies Lentas**, pass the few houses of the town and keep on going.

Pass the small town of **Apesokari** and, at the end of the village, turn left up towards the mountains.

There is an invisible small sign that indicates Lentas, it is better to look for the red barred Apesokari sign as in **(Photo 4)**.

If you miss this left turn you will end up in Agios Kyrillos, just turn the car and come back, at this point the turn will be on the right and there is a more clear **Lentas** sign.

From here on the street becomes a real **mountain road** with lots of U curves until you will reach the top of the plateau.

After a flat part you will arrive in the lovely village of **Miamou**.

Pass it and keep on going up and down the mountains.

You will reach the indications for Krotos on the left and **Lentas Dytikos** on the right. Do not go left for Krotos (even if the GPS will tell you to) but stay on the road to Lentas.

Soon you will see the beautiful Libic sea in front of you.

Follow the road down to the sea for 5 minutes approximately, you will pass the first big hotels (Studio Gaitani, Studio Galini) and a little bit after, just before the last u turn, you will see our casaDoria sign that tells you to turn left.

You are almost there, **last 3 Km**.

Follow the road (sea on the right) that becomes soon white.

You will find left turns to the mountain and right turns to the sea, do not take them and keep on going for 2km, some casaDoria signs will confirm your road is correct.

After a steep cement downhill the road becomes black again, it is the last km.

You will see soon the little port and CasaDoria on the left.

Turn left for the last 500 meters, park where you want, welcome, you made it!!!!
